

# Will You Help Me Move For \$10,000.00?

Then come on. I am going to give the people about that much to help me and I want you to have your share of it. So come with your wagons and teams, cars, carriages, market Baskets, and what not, ready to carry a load, but be ready to carry full loads.

Here's the proposition: I have to move the 10c Store to 720 South Main Street. But I have there the stock of Groceries formerly owned by J. T. McCown's Sons. I cannot move the 10c Store in on top of the Groceries. I must make room first; so to make room quick and move at the same time; I will give away, absolutely free to those who help me move it, one-fourth of the entire stock, consisting of:

General Merchandise at the 5c, 10c and 25c Store, about	- \$ 30,000
Groceries at 220 South Main Street, about	- - - 10,000
Total, about	- - - 40,000
Your Share 1-4 of It Is	- - - \$10,000

Here's the plan. You come into the 10c Store, 112 East Benson Street, or to the Grocery Store, 220 South Main Street, and select all the merchandise you are willing to carry and pay for. What ever amount you select and pay for at the regular price we will give you a check for one-fourth that amount on the other store at the regular price, to be delivered to you absolutely free of cost. That is: Every 4c purchase at one store gives you 1c free at the other store, and every \$1 purchase at one store gives you 25c free at the other store. A \$100 purchase gives you \$25 free and so on and on and on.

You say, 'Mr. Minor, how can you do it?' I say, 'Mr. Johnson, I just do it to move.' You say, 'How long?' I say, 'Till the stock is moved.' It may be a week or two weeks, but I am going to move and move fast. So don't be late and don't be slow; I want you to do your share and get your share of the pay. Remember, everything is spot cash and an amount equal to one-fourth your purchase is absolutely free to you at either store on everything but special sale items at the 10c Store and at the Grocery Store 1-8 free on Hay, Oats, Corn, Sugar, Meal, Hams and Bacon. Sale begins Wednesday, July 29, and continues until stock is moved.

**C. S. MINOR, 5c, 10c, and 25c STORE**  
112 East Benson Street

**C. S. MINOR, GROCERY**  
220 South Main Street

## PERSONALS

Mrs. Guyton and Miss Julia Guyton have gone to the mountains for a two weeks stay.

Miss Ida and Lois Watson returned yesterday from a week's visit to relatives in Lowndeville.

Mrs. W. E. Atkinson is at home after a month's stay in Baltimore.

Mr. Boyce Miller, formerly of Greenville but now of the government service in Panama was here yesterday from Greenville where he is spending his vacation.

Miss Mabel Durant of Sumter, is visiting Miss Isabelle Webb on Franklin street.

William M. Patterson of Charlotte was in the city yesterday, a guest at the Chiquota hotel.

G. H. Ballentine of Lexington was among the visitors to spend yesterday in the city.

W. Orr of Charlotte was in the city yesterday for a few hours on business.

Miss Julia Campbell left yesterday for a short visit to relatives and friends at Honea Path.

J. E. Shirlee, a well known mill engineer of Greenville, was in the city yesterday.

Mr. and Mrs. J. C. Jones of Iva motored in and spent yesterday in Anderson.

Dr. J. M. Hobson of Townville was among the visitors to spend yesterday in the city.

J. M. Glenn of Holland's store section was among the visitors to spend yesterday in the city.

John H. Kay of near Williamston, was in the city yesterday on business.

Thomas H. Kay of the Hopewell section spent a few hours in the city yesterday in the interest of his candidacy for county supervisor.

Ben McMahan of the Triangle section was among the visitors to spend yesterday in the city.

Josh Ashley of Bolton was in the city yesterday for a short stay.

C. O. Bannister and M. J. Bannister of Craytonville were in the city yesterday on business.

A. N. Willingham of the Union section was among the visitors to spend yesterday in the city.

tion was among the visitors to spend yesterday in the city.

Wilson Bannister of the Bernel section was among the visitors to spend yesterday in the city.

W. W. Hale of Centerville was one of the business visitors to the city yesterday.

Walter Wilson of Craytonville spent a few hours in the city yesterday.

S. G. Murdock of Martin township was in the city yesterday on business.

E. C. Pennell of Martin township, spent part of yesterday in the city.

M. T. King of Hopewell, was one of the visitors to spend yesterday in the city.

Columbus Shaw of Hall township was one of the visitors to the city yesterday.

B. F. Phillips of Union section spent a few hours in the city yesterday.

Lester Fullbright of Union was in the city yesterday on business.

A. W. Pickens of the Three and Twenty section was in Anderson yesterday.

John Pruitt of Ebenezer spent part of yesterday in the city.

J. W. Simpson of Honea Path spent part of yesterday in the city on business.

Prof. J. B. Watkins of Bolton spent part of yesterday in the city on business.

J. C. Boggs and Hoyt Boggs of Townville were among the visitors to spend yesterday in the city.

Winfield Boggs and McKinney Brown of Townville spent yesterday in the city.

Mrs. A. W. Smith and children and Mrs. E. Lynn Littlejohn, of Gaffney, are visiting friends and relatives in the county.

Misses Annie and Lillie McPhail of Pendleton were shopping in the city yesterday.

Dan Shirley, who has been spending several months in Anderson installing some machinery in the Equinox mill, left yesterday for Rhode Island.

B. F. Robinson, Prof. B. M. Harper and Frank Clinkscales, all of Clemson College, passed through the city yesterday en route to Iva, where they are attending the Saluda Baptist Association.

W. R. Snow has gone to Hartwell, Ga., where he will spend the next fortnight.

## PUBLIC FEARS DREAD TYPHOID

### Local People are Being Vaccinated in Large Numbers Every Day To Be Immune

Almost everyone is a afraid of typhoid fever and why any should have this disease, when it is now so easy to prevent and such a simple matter to become inoculated, is indeed hard to determine.

It is said that numbers of Anderson people are calling on the local doctors every day to take the inoculation and for the rest of the summer they will feel safe and secure.

In view of the quantity of anti-typhoid vaccine that the state board of health has been sending to the physicians throughout the state, James A. Hayne, M. D., state health officer, has said:

"The vaccine is sent out free of charge, the only condition being that the people who want to be immunized have their family physician or health officer order the vaccine. This laboratory will not send the vaccine to a layman, because it has to be injected under the skin and the layman has no means of administering it."

"Administering the vaccine is practically painless. It does not hurt nearly so much as being stuck with a needle or pin. No open or running sores result as in the case of small-pox vaccine. A slight swelling usually occurs and some soreness and tenderness, but these begin to subside after 12 or 14 hours and disappear in from 36 to 48 hours. Moderate headaches occur in about one person out of every 20 and in rare instances, 1 per cent. or less, this symptom is quite severe. No serious results have ever occurred either in this state or in the hundreds of thousands of cases in the army or navy. Three applications about a week or ten days apart are necessary to produce immunity."

"As to efficiency, it may be said in the army, where statistics are available, anti-typhoid vaccination has reduced the typhoid case rate to less than 1 per cent of what it was prior to vaccination, and the typhoid death rate was entirely abolished this year. The length of immunity conferred by the vaccination is not known, but it is thought to be at least four years."

"Bill" in the Race. The race for the legislature this summer will not be lacking in genuine humor. In the Intelligencer this morning appears the card of W. I. Mahaffey of Williamston township as a candidate for the house. "Bill" is a natural born humorist and with a world of common sense and he has been about quite a lot and he knows something about the world. He is one of the grand old boys of the grand lodge of Red Men in the state.

## SEVERE STORM VISITED BELTON

### Worst in a Long Time—Lightning Caused Fire and Did Other Damage

Special to The Intelligencer. Belton, July 28.—Belton was visited by one of the worst electrical storms this afternoon that we have ever experienced this season. The rain began to fall in torrents about 2 o'clock and lasted for over an hour and a half. Lightning was very severe and one could not have recognized any one ten feet away, the downpour of rain was so heavy.

And the worst of all, right in the midst of the worst of the storm the fire bell began to ring and the fire department and every citizen, even the ladies ran out in the storm to try and locate the fire. Lightning had struck the residence on O'Neal street of J. O. Turner. The fire fighters lost no time in getting to the scene of the battle and in a short time had the fire under control. Two-thirds of the roof of the residence was burned, the contents of the residence were saved except some quilts and a few other articles.

Mr. Turner, who is a conductor on the G. S. & A. line was out on his run and his wife was at the home of a near neighbor when the noise was set on fire by the lightning. The furniture and household goods were badly damaged on account of the rush in moving them from the house.

Belton's fire department did fine work in saving the house. The loss to the residence is estimated at \$400, with no insurance. This property is owned by W. K. Stringer, a prominent banker of Belton. We have not learned whether the household goods of Mr. Turner were insured.

Hall fell here for a little while but no damage was done.

Hall Storm. Hall and wind storm damaged the crop of J. B. Brooks, who lives on W. K. Stringer's place near town. Mr. Brooks came to town immediately after the storm and says that his crop is in a deplorable condition as a result of heavy wind and hail. A cotton house in the yard was blown down, a tree was blown across a barn and crushed it to the ground. No one was hurt on Mr. Brooks's premises.

During the electric storm in Belton lightning entered the Frierson Pharmacy and burst a gas pipe which connects to the soda fountain. No one was hurt but several badly frightened.

## STORM AT WILLIAMSTON

### House Burned and John Holliday Badly Shocked.

Messrs. Geo. M. Reid and Spearman who came to the city last night to enter the campaign for county officers, reported that there was a heavy

## ORR MILLS HAD TO SHUT DOWN

### Low Water Forced Plant to Suspend Until the Steam Auxiliary Plant Starts

Jas. D. Hammett, president of the Orr Mills, stated last night that the mill had just been limping along on half time on account of low water in the river, and that it has become necessary to shut down for two weeks. The steam auxiliary plant will be running by that time.

Mr. Hammett stated that it is customary for mills to have a shut down during the summer in order to clean up and repair machinery, but this shut down was caused by necessity. The following notice was posted yesterday:

"Owing to excessive low water in the river, making it impossible to operate the mills because of absence of power, this mill will of necessity close for a period of ten days beginning at stopping time Thursday, July 30, and starting again on Wednesday, August 12th, 1914.

"No rent will be charged to employees for two weeks.

"The management sincerely trusts this enforced stoppage will be used as a vacation by the employees, and that it will be both pleasant and beneficial to each of them.

(Signed) Jas. D. Hammett, President and Treasurer." J. A. Lyons, Supt.

Miss Grace Fadisill of King's Mountain, N. C., is in the city, the guest of her sister, Mrs. Horace J. McGee, on Greenville street.

storm at Williamston and that the home of John Holliday was destroyed by lightning and Mr. Holliday himself was badly shocked and at first was thought to be dead, but revived. This is the second time this year that Mr. Holliday has been burned out.

Mr. Reid is just starting on his campaign and says that he expects to go to the legislature. He has spent all of his life in the county, and his grandfather Millwee was a representative from this county. For a full generation Mr. Reid has been on the county board of equalization and has always been just in his dealings with men. He made the race for county supervisor several years ago against the at that time strongest man in the county and made a fine race, and a clean race, and he always has been proud of it.

Mr. Reid and Mr. Spearman stated last night that they think that there has been a splendid enrollment of the voters of this section and the people appeared satisfied with the plan and with the manner in which the Democrats have enrolled.

## Good Jewelry Need Not Necessarily Be High Priced.

I am proving that every day. I want to prove it to you and your family. I want to show you how much further a dollar will go here than in any other jewelry store you ever saw. Of course, anybody can do the same as I if they want to. Most people do not want to. I buy the best goods the world affords. I buy direct from the manufacturers. I guarantee my goods with a signed guarantee. I have a complete assortment of everything that is good and I sell my jewelry cheaper than other jewelers because I can afford to sell it cheaper. Quantity makes prices. In the end I make more than other jewelers because I sell more. I want the business of every man and woman—every family who realizes that an honest dollar is hard to earn. If you want your money to buy the fullest extent of its power, bring it here and I will show you what I can do for you.

**WALTER H. KEESE & COMPANY**  
The Prompt and Reliable Jewelers.

## BURRIS' SHINGLES

Has recently saved two houses from fire. One on Franklin Street, where Mr. Geisberg lives. One on McCully Street owned by N. C. Burriss. This is well worth considering when you build a new house or need a new roof. Insurance is less where you use Burriss Shingles. We make a Barn Roof that never leaks. No nails exposed to the sun. See us before roofing your houses or phone us and we will come to see you.

**JNO. T. BURRIS & SON.**
